

CITY OF LODI

COUNCIL COMMUNICATION

AGENDA TITLE: Contract Award for Wood Pole Testing Program (EUD 91-1)

MEETING DATE: May 15, 1991

PREPARED BY: Electric Utility Director

RECOMMENDED ACTION: That the City Council adopt the attached resolution awarding the contract for the above project to the sole bidder Osmose Wood Preserving, Inc., Gresham, Oregon in the amount of \$14,884.44.

BACKGROUND INFORMATION: The Electric Utility Department has conducted a sample testing of its wood pole population and found a significant number of poles in a deteriorated condition. In order to classify the level of deterioration and determine replacement priorities, the above recommendation has been made.

It is anticipated that this testing will be performed in stages with the first stage being the 60-kv transmission system followed by age declining sections of the distribution system.

Plans and specifications for this project were approved on March 20, 1991. Only one bid was received. However, since the estimated cost of the project was \$22,000, the bid received is very advantageous to the City and thus warrants the recommended action.

FUNDING: Included in the Department's 1990-91 fiscal year budget.
